

Dear Neighbours and Residents,

April Update: Bupa Care Facility at 122 Churchill Drive

The scaffolding is continuing to come down around the building and is now heading into the first courtyard. All the roofing sheets are now on all buildings meaning we are nearly 100% watertight. We still have some window joinery to fit over the month of April.

The swimming pool is well underway, and we are starting on the landscaping around the building this month. This includes construction of the exit ramp, which will be worked on throughout April, this may cause some disruptions to Chartwell Drive as larger vehicles will reverse out of the entrance. We will endeavour to keep this to a minimum.

The interior fit-out of the building is pushing ahead, we have now completed the first few apartments on the Ground Floor. We are also completing a sample Care room this month for Bupa to view.

We will send out another update at the start of May, if you have any questions, you're welcome to e-mail us on: katie.burley@naylorlove.co.nz

Kind regards,

The Naylor Love Team
